Instructions:

This packet includes 2 parts: the student response form and student stimulus materials. The student response forms are photocopied back to back and saddle stapled. The same form is used by each student for each benchmark assessment throughout the year. The second part is the reusable student stimulus materials. Make one copy for each person who is doing the benchmark testing. They can be laminated and comb bound for reuse.

DIBELS® Letter Naming Fluency

Short Form Directions

Make sure you have reviewed the long form of the directions in the *DIBELS Administration and Scoring Guide* and have them available. Say these specific directions to the student:

Here are some letters (point to the student probe). Tell me the names of as many letters as you can. When I say, "Begin," start here (point to first letter) and go across the page (point). Point to each letter and tell me the name of that letter. If you come to a letter you don't know, I'll tell it to you. Put your finger on the first letter. Ready, begin. Start your stopwatch after you say "begin."

Our Sick Kitty

Our kitten was sick. She would not eat and she stopped

drinking. She did not purr anymore. She wanted to sleep all the time. She cried if I touched her.

Dad said, "We need to take her to the vet." The vet is an

animal doctor.

I held her in the cat carrier. I kept her wrapped in a fuzzy

blanket. I talked to her because she does not like to ride in the

car. But this time she was so sick she was quiet the whole ride.

When we arrived at the animal clinic, Dad took the carrier

inside. The vet checked her all over. She took her temperature.

She said our kitten had a feline virus. She gave us some

medicine our kitten had to swallow. She told us to put the

medicine in her food. She said to give our kitten lots of water.

We drove home. We made her take the medicine. She went

right to sleep. Dad said she could stay in my bedroom until she

got better. She usually sleeps on the back porch. When I woke up

I heard my kitten purring. I looked down at her and saw her

watching me. I felt so happy because my kitten was better. She

does not like to be sick.

The Sand Castle

My uncle, my dad, my brother, and I built a giant sand castle at the beach. First we picked a spot far from the big waves. Then we got out buckets and shovels. We drew a line to show where it would be. It was going to be big!

We all brought buckets of wet sand to make the walls. We scooped out holes for lakes and ditches. We made roads and a moat around the walls. We made molds for the buildings by filling the buckets with wet sand. We had to keep everything wet so it wouldn't fall down. We had to work fast!

Then we filled up the holes with water. We had to do it over and over. Finally my dad found a piece of plastic. He laid it down in the holes. It kept the water from draining away so fast.

Finally, we put shells, feathers, and rocks on the castle. We added driftwood roofs. We placed plants around the walls. We even found a flag to fly from the tower. We gave it a name. We called it The Beach Castle.

The seagulls walked around it. I think they wanted to live in it. Then the tide came in and waves crashed over it. A few feathers and rocks were all that was left.

The Block Party

We had a big party on my street last weekend. We didn't have to dress up or bring presents. There was food, music, and games. The party was so big it took up almost the whole street. There were signs across the ends of the street to stop the cars from driving on the street. It was safe to play in the street because there were no cars. The party was called a block party. Lots and lots of people came to the block party. All of the people shared their food. There was so much food to eat. One whole table was filled with desserts. There was ice cream, apple pie, cookies, and angel food cake. I had cookies and ice cream. My mom said that was enough.

There was music at the block party. A band played. People danced in the street. There were games at the block party, too. You could play ball, run races, or play tag. If you didn't want to play the games you could just watch the fun.

My dad and mom had fun, too. They said they would like to have a block party again next year. They liked talking to our neighbors. I liked playing with my friends. It was lots and lots of fun. I want to do it again next year, too.

Having a Checkup

I don't mind going to my doctor's office. There are lots of things to do while we wait. My doctor has puzzles I like to put together. There is a big fish tank in the waiting room. It has yellow and black angel fish and a pretty blue fish. When I stare at the fish they stare back at me.

Every door has an animal painted on it. Inside there are chairs that look like zebras, tigers, or lions. Even the nurse wears a jacket with animals on it. They must like animals.

Then I have my checkup. First I stand on the scale. Then the nurse measures me. She looks in my ears. Then she asks questions about how I feel. My mother helps me with the answers if I'm not sure.

My doctor has taken care of me since I was a baby. She comes in when the nurse is done. She asks more questions. She says I look very healthy and won't need to come back until next year.

I like having a checkup when I'm not sick. I didn't even have to have a shot. And the nurse gave me some cool animal stickers.

Spring Is Coming

13 It has been so cold this winter. The wind blew and blew. It
 26 rained and rained. The days have been gray and dark. I had to
 38 wear mittens and a hat to school every day. It even snowed
 39 twice.
 53 At first winter was fun. Now I'm tired of the cold. It has been

 80 and read during recess. After school I just stay in the house and

 98 But today was nice. The sun was shining brightly even
 111 though it was still cold. The wind didn't blow. My friends and I
 124 played kick ball at recess. We had to take off our jackets because
 133 we were warm. We even got hot and thirsty.
 146 On the way home from school I saw a purple flower on our
 159 street. It was blooming in the grass. I told my mother about it.
 173 She wanted me to show it to her. She bent down and touched it.
 184 "Come sniff this," she said. It smelled like perfume and sun
 195 all mixed together. "Spring must be right around the corner," she
 208 said. "This is a crocus. It's one of the first flowers of spring."
 213 I can't wait for spring.

Short Form Directions

Make sure you have reviewed the long form of the directions in the
 DIBELS Administration and Scoring Guide and have them available.
 Say these specific directions to the student:

Please read this (point) out loud. If you get stuck, I will tell you the word so you can keep reading. When I say "Stop," I may ask you to tell me about what you read, so do your best reading. Start here (point to the first word of the passage). Begin.
 Start your stopwatch when the student says the first word of the passage.

At the end of **1 minute**, place a bracket (]) after the last word provided by the student, stop and reset the stopwatch, and say, **"Stop:"** (remove the passage)

If the student reads more than 10 words correct, proceed with the retell part. Say,
Please tell me all about what you just read. Try to tell me everything you can. Begin. Start your stopwatch after you say "Begin."

The first time the student does not say anything for 3 seconds, say, **"Try to tell me everything you can."** This prompt can be used only once.

If the student does not say anything or gets off track for 5 seconds, circle the total number of words in the student's retell and say, **"Stop."**

At the end of **1 minute**, circle the total number of words in the student's retell and say, **"Stop."**

Reminder

Discontinue rule—No words read correctly in the first row.

Hesitation rule—3 seconds—Tell the student the word. If

necessary, indicate for student to continue with next word.

Do not give passages #2 and #3 and do not administer retell if student reads fewer than 10 words correctly.

The Block Party

We had a big party on my street last weekend. We didn't have to dress up or bring presents. There was food, music, and games. The party was so big it took up almost the whole street. There were signs across the ends of the street to stop the cars from driving on the street. It was safe to play in the street because there were no cars. The party was called a block party.

Lots and lots of people came to the block party. All of the people shared their food. There was so much food to eat. One whole table was filled with desserts. There was ice cream, apple pie, cookies, and angel food cake. I had cookies and ice cream. My mom said that was enough.

There was music at the block party. A band played. People danced in the street. There were games at the block party, too. You could play ball, run races, or play tag. If you didn't want to play the games you could just watch the fun.

My dad and mom had fun, too. They said they would like to have a block party again next year. They liked talking to our neighbors. I liked playing with my friends. It was lots and lots of fun. I want to do it again next year, too.

The Sand Castle

My uncle, my dad, my brother, and I built a giant sand castle at the beach. First we picked a spot far from the big waves. Then we got out buckets and shovels. We drew a line to show where it would be. It was going to be big!

We all brought buckets of wet sand to make the walls. We scooped out holes for lakes and ditches. We made roads and a moat around the walls. We made molds for the buildings by filling the buckets with wet sand. We had to keep everything wet so it wouldn't fall down. We had to work fast!

Then we filled up the holes with water. We had to do it over and over. Finally my dad found a piece of plastic. He laid it down in the holes. It kept the water from draining away so fast.

Finally we put shells, feathers, and rocks on the castle. We added driftwood roofs. We placed plants around the walls. We even found a flag to fly from the tower. We gave it a name. We called it The Beach Castle.

The seagulls walked around it. I think they wanted to live in it. Then the tide came in and waves crashed over it. A few feathers and rocks were all that was left.

Our Sick Kitty

Our kitten was sick. She would not eat and she stopped drinking. She did not purr anymore. She wanted to sleep all the time. She cried if I touched her.

Dad said, “We need to take her to the vet.” The vet is an animal doctor.

I held her in the cat carrier. I kept her wrapped in a fuzzy blanket. I talked to her because she does not like to ride in the car. But this time she was so sick she was quiet the whole ride.

When we arrived at the animal clinic, Dad took the carrier inside. The vet checked her all over. She took her temperature. She said our kitten had a feline virus. She gave us some medicine our kitten had to swallow. She told us to put the medicine in her food. She said to give our kitten lots of water.

We drove home. We made her take the medicine. She went right to sleep. Dad said she could stay in my bedroom until she got better. She usually sleeps on the back porch. When I woke up I heard my kitten purring. I looked down at her and saw her watching me. I felt so happy because my kitten was better. She does not like to be sick.
